

J McKay Athletics

SERIES 808

This is a special athletic wristband that athletes can wear. The wristband can show the amount of timeouts, fouls, remaining time that is left in the game, and show a pulse of the athlete.

Fans and spectators will be able to view the basketball athletes heart rate, and view how much time the athlete has played in the game. Fans attending the game and spectators at home will also be able to select plays to send to the coach.

The play that was selected and has the highest percentage of votes can be approved by the coach to send to the athlete to use.

SPECIAL WRIST BAND FEATURES

Pulse Sensor

Defibrillator Shock Sensor

Radio Frequency Transceiver
